**ORGANISATION DESCRIPTION** The Chamber of Commerce and Industry of Berat was established in 1995 and carries out its activity based on the Law No. 7804; members of the Chamber are all Juridical and Physical Persons that have their activity in Berat. The Chamber is subject of public right, independent, not profitable. The main goal has been improvement of real service packet offered to businesses that are operating in Berat, intending their integration with national and international business.

Chamber of Berat has arrived to increase the number of services and to change its face, editing Directory of its members, organizing fairs and exhibitions, workshops, meetings of high level, different conferences and trainings, all these serving for development of Berat business, especially for economical development of the city. It offers help to its members in the following fields : marketing, professional formation, trade, consultation and different businesses.

The Chamber since 1998 has organized several fairs. Owing all this growing of our work, the number of members of the Chamber has increased, arriving more than 1,500.

Having good relations with Chambers of Brindisi, Ancona, Firenze (Italy); Athens, Trikala (Greece); Koblenz (Germany) and with many other home and foreign partners, the possibility of changing information and experience has become greater, having as priority the collaboration of businesses. It is to be mentioned especially the collaboration with Chambers of Commerce

of Italy and Greece , which we have achieved to realize bilateral projects with, within the frame of the project INTERREG 3.

Today Berat is playing an important role in economy of the country. It is known for production and tourism of considerable sizes and of contemporary standards, giving a positive impulse to regional and national development.
